Description

Loa Square is a fabric covered absorber, with a usable range of 350 Hz up to 4000 Hz.

Its squared design is perfect for a scattered pattern, or incorporating and complementing other aspects of your room decor, whilst supplying effective sound absorption.

Ideal to reduce unwanted acoustical reflections, and to tame chaotic reverberation in your space, Loa Square is easy to install on both walls and ceilings and is available in 10 different fabric choices.

Performance
